Overview

Commercial Grade Portable Cleaning Power

This professional-grade electric cold water pressure washer is designed for high-performance cleaning in a compact, hand-carry format. Featuring a robust brass forged pump and a heavy-duty electric motor, it delivers reliable pressure up to 2200 PSI for demanding commercial tasks. The unit is equipped with a versatile trigger gun, variable nozzle, and thermal protection to ensure both safety and efficiency during extended use.

Performance Metrics

Key Performance Metrics

2200 PSI

Max Pressure

2.2 GPM

Max Flow Rate

2.2 kW

Motor Power

Pump & Motor

Motor Features

- 2-4 Pole heavy duty electric motor
- Thermal protection built-in
- Performance proven long-lasting design
- Speed options: 1450 to 3400 RPM

Pump Construction

Professional grade brass forged axial or triplex pump

Standard Features

Included Accessories

- Trigger gun with short lance
- Variable nozzle
- Detergent injector
- Pressure adjustable valve
- Thermal plastic high-pressure hose (M22 or 3/8" QD)

Switch Type

Professional grade bottom-type or twist-type ON-OFF switch

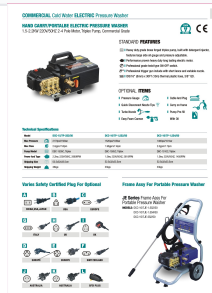

Technical Specifications

Model Performance Table

Model Series	Max Pressure (PSI/Bar)	Max Flow (GPM/LPM)	Power (kW)
DCAA Series	1350-1490 / 93-103	1.53-2.0 / 5.8-7.6	1.1
DCC Series (1.5kW)	1330-1520 / 92-105	1.55-2.2 / 5.9-7.7	1.5
DCC Series (2.2kW)	2170 / 150	2.0 / 7.6	2.2

Optional Upgrades

Available Options

Pressure Gauge, Turbo Nozzle, Easy Foam Cannon, Quick Disconnect Nozzle Tips, Carry-on Frame, GFCI Plug
