

Portable Electric Space Heater with Digital Display

This portable electric space heater is designed with a digital display and button controls. It has safety features such as overheat protection and a tip-over switch.

Overview

Efficient Heating Solution

This portable electric space heater is designed for safe and efficient supplemental heating in indoor environments. Featuring a user-friendly digital display and precise electronic controls, it offers customizable comfort with a 1-8 hour timer. The unit prioritizes user safety with a self-regulating PTC heating element and fire-resistant PBT housing, ensuring cool-to-the-touch operation.

Performance & Control
