

Portable Garment Steamer with Telescopic Pole

This portable garment steamer efficiently removes wrinkles from clothing and fabrics. It features a water reservoir, a flexible steam hose, and a telescopic pole for adjustable height.

Product Overview

Efficient Garment Care

The GSJ-208 garment steamer is designed to provide a professional-grade solution for wrinkle removal in both home and small business environments. Featuring a 1.2L removable water tank and a rapid 45-second heat-up time, this unit offers 40 minutes of continuous steaming. Its compact design, combined with a telescopic pole and roll casters, ensures easy storage and mobility, making it a highly convenient alternative to traditional ironing.
