

Portable Gasoline Generator

This portable gasoline generator provides electrical power in remote locations or during power outages. It features a robust frame for protection and portability.

Product Overview

Reliable Portable Power

This portable gasoline generator is engineered to deliver consistent electrical power in remote locations or during unexpected power outages. Built with a robust protective frame, it ensures durability while maintaining ease of transport for various field applications. Featuring a user-friendly control panel and standard AC output, it provides a dependable energy solution for essential equipment.

Technical Specifications

Model Number	SH2900dx
AC Output Voltage	220 V
Engine Type	Gasoline

Features

Ideal Applications

- Remote locations
- Power outages
- Field operations

Key Features

Portable, Robust Frame, Control Panel, AC Output
