

Portable Gasoline Generator

This portable gasoline generator is designed to provide reliable power in various situations. It features a durable frame for protection and easy transport, a fuel-efficient engine, and multiple outlets for connecting various devices.

Overview

Reliable Portable Power

This portable gasoline generator provides a dependable power solution for diverse environments, ranging from construction sites to emergency backup scenarios. Engineered with a durable protective frame, it ensures longevity and ease of transport for mobile applications. The unit is designed for efficiency and safety, featuring integrated overload protection and low oil shutdown mechanisms to ensure consistent operation.

Key Features

Ideal Use Cases

- Camping
- Construction Sites
- Emergency Backup Power

Safety Systems

Overload Protection, Low Oil Shutdown

Technical Specifications

Build

Portable • Durable Frame

Model Identifier

LX3000

Fuel Type

Gasoline
