Overview

Reliable Portable Power

This portable gasoline generator is engineered to provide consistent and dependable power for both residential and commercial applications. Featuring a durable construction with a protective frame, it is built to withstand demanding environments while ensuring longevity. The unit includes a user-friendly control panel and versatile output options, making it an ideal solution for backup power needs or remote job sites.

Technical Specifications

Engine Model	LT210
Rated Power	7 HP
Starting System	Manual Recoil Start

Electrical Output

Available Outputs

- AC 220V Outlets
- 12V DC Output

AC Output Voltage	220 V
DC Output Voltage	12 V

Control & Safety

Control Panel Features	Voltmeter, Circuit Breaker, DC Reset, On/Off Switch
------------------------	---

Design & Build

Construction

Protective Frame • Durable Housing • Portable Design
