

Portable Gasoline Generator

This gasoline generator provides a portable power solution. It features durable construction, an easy start mechanism, and reliable performance for outdoor activities, emergency backup, and small-scale power needs.

Overview

Reliable Portable Power

This compact gasoline generator is engineered for versatile power solutions, offering a dependable energy source for outdoor activities and emergency backup situations. Designed with a focus on durability and ease of use, it features a reliable start mechanism and efficient fuel consumption. The unit ensures stable voltage output while incorporating essential safety features like overload protection and low oil shutdown to safeguard your equipment.

Technical Specifications

Model Number	TG950DC
Key Features	Portable, Stable Voltage, Fuel Efficient, Easy Start

Safety & Protection

Safety Mechanisms

- Overload protection
- Low oil shutdown

Performance

Performance Highlights

950 W

Rated Power Output
