

Portable Gasoline Generator

This portable gasoline generator provides electric power for various applications. It features a robust frame, multiple AC outlets, and safety features like overload protection and low oil shutdown.

Overview

Reliable Portable Power Solution

This portable gasoline generator is engineered to provide dependable electric power across a variety of demanding applications. Featuring a robust protective frame for enhanced durability and portability, it is an ideal choice for construction sites, outdoor events, and reliable emergency power backup. The unit is designed with user safety in mind, incorporating essential features such as overload protection and low oil shutdown.

Technical Specifications

Power Output

3900 W

Rated Power

Model Identifier

TG3900

Safety & Features

Connectivity

- Multiple AC Outlets

Safety Features

Overload Protection, Low Oil Shutdown
