

Portable Gasoline Generator

This gasoline generator delivers a dependable power supply for diverse usage scenarios. It is equipped with an engine switch, oil alert lamp, voltmeter, circuit breaker, AC outlets, and a DC output.

Overview

Reliable Power Generation

This portable gasoline generator is designed for versatility and consistent performance in various operational environments. Featuring a robust single-cylinder, four-stroke engine with a 15-liter fuel capacity, it offers up to 11 hours of continuous operation. With both hand and electric start options, it ensures ease of use and reliability for professional power needs.

Performance Metrics

Power Output

3 KVA

Maximum Power

2.5 KVA

Rated Power

7 HP

Engine Power

Engine Specifications

Engine Type	Single Cylinder, Four Stroke, Forced Air-Cooled
Cylinder Volume	208 cc
Ignition System	Non-Contact Transistor

Operational Details

Starting System	Hand Start, Electric Start
Fuel Tank Capacity	15 L
Continuous Working Time	11 H
Oil Capacity	0.6 L

Electrical Specifications

Phase	Single-Phase
Voltage & Frequency	220-240V / 50-60Hz
