

Portable Gasoline Generator Set

This gasoline generator set provides portable power for various applications. It features a durable frame, standard AC outlets, and a user-friendly control panel.

Overview

Portable Gasoline Generator Set

This portable gasoline-powered generator set is engineered to provide reliable power solutions for diverse environments, including construction sites, outdoor activities, and emergency backup scenarios. Designed with a robust frame for enhanced durability and portability, the unit ensures stable power delivery through an integrated automatic voltage regulator (AVR). Safety and ease of use are prioritized with features such as a low oil shutdown system and a user-friendly control panel.

Technical Specifications

Engine Power	1.5 HP
Voltage Regulation	Automatic Voltage Regulator (AVR)

Features

Control Panel Indicators

- Voltage indicator
- Load indicator

Safety Features	Low Oil Shutdown, Stable Power Output
