

Portable Gasoline Generator with Wheel-Mounted Frame

This gasoline generator provides a reliable power source for various applications. It features a durable, wheel-mounted frame for enhanced portability and includes a control panel with multiple outlets and performance indicators.

Overview

Reliable Portable Power

The LGE13E is a robust gasoline generator engineered for consistent and reliable power supply in diverse environments. Built with a durable, wheel-mounted frame, it ensures easy portability and maneuverability for on-site applications. The unit features an intuitive control panel equipped with multiple outlets and performance indicators, making it an ideal portable power solution for professional use.

Technical Specifications

Model	LGE13E
Fuel Type	Gasoline

Design & Portability

Frame Construction	Heavy-duty wheel-mounted frame
Portability	Wheel-mounted, Portable, Easy-transport

Control & Interface

Control Panel Features

- Multiple power outlets
- Performance monitoring indicators
