Overview

Versatile Portable Power Solution

This 300W portable power station is designed to provide reliable energy for camping, business, and outdoor activities. It features a pure sine wave inverter and multiple output options, including AC, DC, USB, and wireless charging, making it suitable for smartphones, tablets, and small appliances. Built with safety in mind, it includes comprehensive protection against over-current, short circuits, and voltage fluctuations.

Power Performance

Rated Output Power

300 W

Max Power

250 W

AC Continuous

Battery & Capacity

Battery Specifications

Feature	Detail
Battery Chemistry	Lithium Ion (18650)
Voltage	11.1V
Capacity	26Ah
Energy	288.6Wh

Connectivity & Outputs

Available Outputs

- 1 x AC Output (Pure Sine Wave)
- 1 x 12V DC Port (5.5mm)
- 4 x USB Ports (5V, 2A max)
- 1 x Cigarette Lighter Socket (12V, 10A max)
- Qi Wireless Charging

Charging Inputs

AC Adapter, Automotive 12V, Solar Panel

Physical Characteristics

Unit Weight

4.7 kg

Features & Safety

Certifications

FCC • IC • CE • SAA

Additional Features

- Pure Sine Wave Inverter
- COB Light Bar
- LCD Display (Power/Voltage/Capacity)
- Buck Boost Charging Circuitry

Safety Protections

Over-current Protection, Short Circuit Protection, Over-voltage Protection, Low-voltage Protection
