

Portable Trolley Speaker with Bluetooth and LED Lighting

This portable speaker system is equipped with Bluetooth, USB/TF, FM radio, and aux inputs. It has LED color-change reflection lights and is compatible with both wired and wireless microphones.

Product Overview

Professional Portable Audio Solution

This portable trolley speaker system is engineered for versatile professional use, featuring dual 10-inch woofers and a 1-inch driver for balanced sound projection. It incorporates advanced connectivity options including Bluetooth, USB, and auxiliary inputs, alongside dedicated ports for microphones and guitars. Designed for mobility, the unit includes an integrated trolley handle and a long-life rechargeable battery for reliable performance at any indoor or outdoor event.
