

Portable Trolley Speaker with Disco Lights

This portable trolley speaker is equipped with Bluetooth, USB/TF, FM radio, and Aux inputs, as well as a microphone input. It also features LED color-change circle lights and an LED disco ball light for visual effects.

Product Overview

Professional Portable Audio Solution

This portable trolley speaker is designed for versatile audio applications, featuring a robust 120W power output and integrated disco lighting effects. Its mobile design, incorporating a retractable handle and wheels, allows for easy transport across event spaces. The unit supports multiple input sources including Bluetooth, USB, and SD cards, making it an ideal choice for mobile events, public addresses, or entertainment.
