

Power Steering Gear for Nissan Navara D40

This power steering gear is designed for Nissan Navara 4WD D40 models from 2004 onward. It provides the driver with precise control and responsive handling.

Product Overview

High-Performance Power Steering Gear

This premium power steering rack and pinion assembly is precision-engineered for the Nissan Navara D40, ensuring optimal steering control and vehicle responsiveness. Featuring robust construction with high-durability protective rubber boots, this assembly effectively keeps debris out of the internal mechanisms. It arrives complete with integrated hydraulic fluid lines and secure chassis mounting points to facilitate a straightforward, reliable installation.
