

# Precision Machined Metallic Component with M3 Thread

This is a precision machined metallic component. It features an M3 left-hand thread and varying lengths from 7.5mm to 19.5mm, with a height of 5mm.

A	B	C	D	E	THREAD: M3LEFT				
7.5	10.5	11.8	12.5	14.5					
F	G	H	J	K	M				
15.5	17.5	19.5	4.0	10.3	8				

## Product Overview

### Precision Machined Metallic Component

This precision-engineered metallic component is designed for demanding industrial applications requiring reliable M3 left-hand threading. With a consistent height of 5mm, it offers versatility across a range of lengths from 7.5mm to 19.5mm. Its robust construction ensures stability and performance in assembly environments.

## Technical Specifications

### Available Lengths (L)

- 7.5
- 8
- 10.3
- 10.5
- 11.8
- 12.5
- 14.5
- 15.5
- 17.5
- 19.5
- 40

Thread Specification	M3 Left-Hand Thread
Height	5 mm

## Dimensional Data

### Variant Dimensions

Variant Group	Available Lengths (mm)
A-E	7.5, 10.5, 11.8, 12.5, 14.5
F-M	15.5, 17.5, 19.5, 40, 10.3, 8
