

Professional Coating Spray Gun

This spray gun is designed for professional use, ensuring high performance in various coating tasks. Its durable construction provides consistent spray patterns suitable for automotive, industrial, and woodworking applications.

Product Overview

Professional Coating Spray Gun

This professional-grade coating spray gun is engineered for high-performance applications across automotive, industrial, and woodworking sectors. It features a standard nozzle configuration designed to provide consistent, reliable spray patterns for a high-quality finish. Built for durability and efficiency, it is an essential tool for professional coating projects.

Technical Specifications

Nozzle Size	1.5 mm
Paint Capacity	400 cc

Performance Metrics

Operating Pressure

3 bar Min Pressure	4 bar Max Pressure
------------------------------	------------------------------

Air Consumption

4.2 cfm Min Flow	7.1 cfm Max Flow
----------------------------	----------------------------

Pattern Width	180-250mm
---------------	-----------

Application Suitability

Suitable Industries	Automotive, Industrial, Woodworking
---------------------	-------------------------------------
