

Radiant Electric Space Heater

This portable electric space heater uses radiant heating elements. It is designed for indoor use and features a protective grille and simple controls.

Product Overview

Efficient Radiant Heating Solution

The Radiant Electric Space Heater is designed to provide effective localized warmth for indoor environments. Featuring high-performance radiant heating elements shielded by a durable protective grille, this portable unit offers reliable heat output. It features an intuitive top-panel control system and a modern light gray and blue aesthetic to suit professional or home workspaces.
