

Radiant Quartz Space Heater

This space heater uses radiant quartz elements to provide warmth. It is equipped with a control knob, safety grill, and caster wheels.

Product Overview

Radiant Quartz Space Heater

This box-type radiant quartz heater features an artistic design suitable for a variety of professional and commercial environments. Utilizing an innovative quartz core, it ensures rapid temperature rise for efficient space heating. The unit is equipped with a circulating fan and three power speeds, providing flexible climate control while maintaining energy efficiency.

Technical Specifications

Heating Element	Innovative Quartz Core
Power Modes	3
Key Features	Circulating Fan, Rapid Heating, Energy Saving, Mobile Caster Wheels

Safety & Compliance

Safety Protections

- Dual Overheating Protection
- Thermal Cut-off
- Incline Cut-off Protection

Operational Safety

Warning Category	Instruction
Obstruction	Do not block air outlet during use
Placement	Do not place objects on top of the unit
Environment	Do not use flammable sprays nearby
Moisture	Turn off immediately if exposed to water
