

Rechargeable Emergency Lantern with Siren

This rechargeable portable lantern features a 2x6W fluorescent tube, torch, blinker, and siren. It automatically lights up during power failures.

Product Overview

Versatile Emergency Illumination and Signaling

This rechargeable emergency lantern is designed for critical situations, combining multi-mode lighting with an integrated electronic siren. It features dual 6W fluorescent tubes for area lighting, along with searchlight and blinker functions to provide versatility during power failures or outdoor emergencies. Its automatic light-up feature ensures immediate illumination the moment grid power is lost.
