

Rechargeable Fabric Shaver

This portable device removes lint, fuzz, and pills from fabrics. It features a rotating blade system with a mesh screen and includes a rechargeable battery for cordless operation.

Product Overview

Professional Fabric Care Solution

This portable fabric shaver is designed to effectively remove lint, fuzz, and pills from a wide variety of clothing and household textiles. Featuring a precision rotating blade system protected by a fine mesh screen, it ensures safe operation without damaging delicate fabrics. Its cordless, rechargeable design provides maximum mobility for home or travel use, while the integrated lint collection bin simplifies maintenance and cleaning.
