

Red and White 125cc Street Motorcycle

This street motorcycle is equipped with a 125cc single-cylinder engine and a chrome exhaust system. It features a covered seat, front and rear fenders, and standard motorcycle controls.

Overview

Classic Street Performance

This 125cc street motorcycle combines classic styling with reliable single-cylinder performance, making it an ideal choice for urban commuting and leisure riding. Featuring a distinctive red and white aesthetic with chrome exhaust detailing, the bike offers a balanced riding experience with traditional suspension and robust spoked wheels. Designed for durability and ease of use, it incorporates standard motorcycle controls and a comfortable covered seat for daily operation.
