

Retractable Multi-Connector Car Charger

This car charger features a retractable wire for convenient use and storage. It is compatible with a wide range of devices, supporting input voltages of 12V-24V DC and providing an output of 5-6V DC at 600mA.

Product Overview

Versatile Retractable Charging Solution

This multi-connector car charger is designed for efficiency and convenience, featuring a retractable wire system that keeps your vehicle clutter-free. It is compatible with a wide array of mobile devices, including various cell battery types such as nickel-cadmium, nickel-hydrogen, and lithium. With its novel design and integrated seven-color lighting, it combines functional performance with a modern aesthetic for automotive use.

Technical Specifications

Input Voltage

12 V

Input Voltage Min

24 V

Input Voltage Max

Output Power

5 V

Output Voltage Min

6 V

Output Voltage Max

600 mA

Output Current

Compatibility

Connector Compatibility

- Sony Ericsson K750
- Samsung D800
- Motorola V3/MP3
- Nokia 8600/Moto V8
- Nokia 6101
- Nokia 3200

Features

Supported Battery Types

Nickel Cadmium • Nickel Hydrogen • Lithium

Key Features

Retractable Wire, Multi-Connector, Seven-Color Lights, 12V/24V Compatible, Quick Charging
