

Retractable Snap-Off Blade Utility Knife

This utility knife has a segmented snap-off blade. The knife features a durable plastic handle, ergonomic grip, and blade locking mechanism.

Product Overview

Professional Utility Cutting Solution

This retractable utility knife is engineered for versatility and precision in various professional environments. Featuring a durable, ergonomic handle, it ensures comfort during extended use while providing a secure grip. The segmented snap-off blade system allows users to instantly expose a fresh, sharp edge, making it an ideal tool for cutting cardboard, paper, and plastic packaging materials efficiently.
