Overview

High-Performance 11-Speed Road Cassette

This precision-engineered road bike freewheel cassette is designed for smooth, efficient shifting and reliable chain engagement across various riding conditions. Featuring durable hi-tensile steel construction and advanced Super Fluid Drive technology, it offers optimal performance for demanding cyclists. Available in multiple gear ratios, the cassette includes lightweight aluminum components such as the spider, spacers, and lockring to minimize overall weight without sacrificing strength.

Technical Specifications

Available Finishes

Black Chrome • Metallic Silver

Speed Compatibility	11-Speed
Sprocket Material	Hi-Tensile Steel
Spider & Spacer Materials	Aluminum, Red Anodized
Lockring Material	6061 Aluminum (Red Anodized)
Recommended Installation Torque	40 N·m

Model Variants

Model Comparison Table

Model	Range	Weight (g)
