Product Overview

Automated Floor Maintenance

This robotic vacuum cleaner offers a comprehensive solution for automated floor maintenance, featuring intelligent space detection and multi-mode cleaning capabilities. Designed for efficiency, it handles various surfaces including wood, marble, and carpet while navigating obstacles with ease. With its slim profile, touch screen interface, and UV bacteria-killing light, it provides a convenient, hands-free cleaning experience for residential environments.

Performance & Power

Noise Level	65 dB
Battery Capacity	2200 mAh
Maximum Run-time	2.5 hours
Power Consumption	24 W

Physical Characteristics

Dimensions	34cm (Diameter) x 8.6cm (Height)
Net Weight	3.2 kg
Dust Bin Capacity	330 ml

Features & Functionality

Cleaning Modes

- Small Room
- Medium Room
- Large Room

Key Features

Touch Screen, UV Bacteria Killing, Virtual Wall, Stair Detection, Remote Control, Auto-Docking

Logistics

Packaging Specifications

Item	Dimensions (cm)
Gift Box	48 x 45 x 16
Carton (4 boxes)	66 x 50 x 47
