

Rotary Hammer Drill

This rotary hammer is designed for drilling and demolition tasks in tough materials like concrete and masonry. It features a powerful motor and ergonomic design for comfortable handling.

Product Overview

Industrial Grade Rotary Hammer

This robust rotary hammer drill is engineered for demanding drilling and demolition tasks in professional environments. Designed to handle concrete and masonry, it features a powerful motor and durable construction to ensure consistent performance. The ergonomic design and adjustable side handle provide enhanced control, making it a reliable solution for construction and maintenance professionals.

Technical Specifications

Rated Input Power

720 W

Rated Input Power

Max Drilling Capacity	26 mm
No-Load Speed	750 r/min

Physical Properties

Weight	3.5 Kg
