

Rotary Tool Kit

This rotary tool kit is suitable for cutting, grinding, polishing, and engraving. It operates at 120V-60HZ with 11A and 20000RPM.

Overview

Professional Rotary Tool Kit

This high-performance rotary tool kit is engineered for precision woodworking and material shaping tasks. Featuring a robust 11A motor capable of reaching 20,000 RPM, it provides the power and speed required for consistent, high-quality results. The kit is designed for stability and safety, making it an ideal solution for workshops requiring reliable routing operations.

Technical Specifications

No-Load Speed

20000 RPM
Speed

Voltage	120V
Frequency	60Hz
Rated Current	11 A

Certifications

Safety Certifications	CSA
