

Self-Priming Centrifugal Water Pump

This self-priming centrifugal pump is designed for efficient water transfer and pumping applications. Its robust construction ensures durability and long-lasting performance.

Product Overview

High-Efficiency Self-Priming Solution

This self-priming centrifugal pump is engineered for demanding industrial and agricultural environments, providing reliable water transfer and circulation. Its robust construction ensures long-lasting durability, while the self-priming capability allows for seamless start-up without manual intervention. Ideal for irrigation and dewatering applications, this model combines ease of use with minimal maintenance requirements.

Technical Specifications

Series Identifier

MS-100

Model Number

11279-703

Pump Category

Centrifugal, Self-Priming

Application Areas

Suitable Applications

- Agricultural Irrigation
- Industrial Dewatering
- General Water Circulation
