

Silent Diesel Generator HL3500SE

This silent diesel generator is designed for reliable power supply. It features an air-cooled diesel engine, a control panel, and a sound-dampening housing to minimize noise.

Overview

Silent Diesel Generator HL3500SE

The HL3500SE is a high-performance silent-type diesel generator engineered for reliable and consistent power supply. Featuring an efficient air-cooled diesel engine, this unit is enclosed in a specialized sound-dampening housing to ensure minimal noise disruption during operation. Designed for versatility and ease of use, it includes a comprehensive control panel and integrated wheels for seamless portability in various professional environments.

Technical Specifications

Noise Control

Silent-type • Sound-dampening housing

Engine Type

Air-cooled diesel engine

Features

Control Panel Features

- Voltage meter
- Current meter
- Circuit breakers
- Power outlets

Portability

Yes

Compliance

Certifications

CE
