

Silver Urban Commuter Scooter with Windshield

This scooter is designed for urban commuting and leisure. It features a large windshield and comfortable seat with backrest.

Product Overview

Urban Commuter Excellence

The Joyride/RV is a cruiser-style scooter designed for light, elegant urban commuting combined with significant engine power. It features a wide, extended seat for maximum comfort during long-distance rides and a flat floor panel for flexible cargo or foot space. With its new twin front and rear disk brake system, the scooter ensures superior safety for professional and personal daily use.
