Product Overview

Versatile Horizontal Diesel Power

This series of horizontal, single-cylinder, four-stroke diesel engines offers a power output range from 6 to 36 HP. Built for simplicity and rugged durability, these engines are designed for easy installation, operation, and maintenance in demanding environments. They serve as reliable power sources for a wide array of applications including agricultural machinery, transport vehicles, water pumps, and electricity generating sets.

Technical Specifications

Power Range

6 HP

Minimum Power

36 HP

Maximum Power

Available Models

- SF170
- SF175
- SF180
- SF185
- SF190
- S195G
- S1100
- S1110
- S1115
- SF1125
- SF30
- SF32
- SF35
- SF36

Engine Configuration

Single-Cylinder, Four-Stroke, Horizontal

Applications

Common Industrial & Agricultural Uses

- Walking Tractors
- Transport Vehicles
- Marine/Boat Power
- Electric Generating Sets
- Water Pumps
- Spraying Equipment
- Threshing Machines
- Feed Grinding
- Flour Milling

Key Features

Maintenance

Easy Maintenance • Compact Construction • Reliable Starting
