

Single Monitor Desk Mount with Gas Spring Arm

This desk mount stand is designed for a single LCD flat screen monitor. Its gas spring arm allows for easy height adjustment, and it clamps securely to desks.

Product Overview

Ergonomic Gas Spring Monitor Mount

Enhance your workspace efficiency with this single monitor desk mount featuring a flexible gas spring arm. Designed to support screens from 12" to 32", it allows for smooth height, tilt, and swivel adjustments to promote better posture and reduce neck strain. The integrated cable management and built-in USB/audio ports help maintain a clean, organized desktop while maximizing available work area.
