

Smart Clothes Drying Rack with Disinfection

This smart clothes drying rack offers a 35 KG load capacity and includes wireless remote control. It features obstacle detection, LED lighting, UVC sterilization, and both air and hot air drying functions.

Product Overview

Intelligent Drying Solution

This smart clothes drying rack offers an advanced, all-in-one solution for modern laundry care. Featuring a robust 35 KG load capacity and a versatile design, it integrates air drying, hot air drying, and UVC sterilization to ensure clothes are dried efficiently and hygienically. With user-friendly features like wireless remote control, obstacle detection, and integrated LED lighting, it combines convenience with high-performance functionality.

Technical Specifications

Load Capacity

35 KG

Max Load

Model Number	DL-NJX07-150ZXFRG
Rated Voltage	220 V
Rated Power	960 W

Design & Dimensions

Dimensions

Component	Measurement
Main Unit	1.5 meters
Clothes Pole	2.4 meters (Fixed Square Pole)

Available Colors

Matte Black • Matte Gray

Features

Smart Features

- Wireless Remote Control
- Obstacle Stop Safety Mechanism
- Integrated LED Lighting
- Double Scissor Bracket Design

Drying Capabilities	Air Drying, Hot Air Drying, UVC Sterilization
