

Solar Powered LED Garden Path Light

This solar-powered LED garden path light is designed for illuminating pathways, gardens, and landscaping features. It automatically activates at dusk and provides a cool white light output.

Product Overview

Solar Powered LED Garden Path Light

This solar-powered LED garden pathway light is designed to provide ambient illumination for outdoor spaces. It features an integrated solar panel that charges a rechargeable battery during the day, automatically activating the LED light at dusk. The light is constructed from durable materials suitable for outdoor use, including a weather-resistant housing and a stake for easy ground installation.

Technical Specifications

Solar Cell Technology	Mono solar cell
Battery Capacity	600 mAh
Battery Type	1pc AA rechargeable

Performance Metrics

Illumination Time

8 Hours

Minimum Operation

10 Hours

Maximum Operation

Light Features

Photocell Dusk-to-Dawn, Super Bright LED, White Light
