

Solar Powered Stainless Steel Lawn Lamp

This solar-powered lawn lamp is constructed from stainless steel and features a ribbed plastic light diffuser. It includes a pointed stake for easy installation in gardens, pathways, and lawns.

Product Overview

Solar-Powered Landscape Lighting

This solar-powered lawn lamp is designed to provide efficient, automated lighting for gardens and pathways. Featuring a durable stainless steel construction and a high-efficiency mono solar cell, it harnesses sunlight during the day to power its LED light at night. The integrated photocell ensures seamless operation, turning the light on at dusk and off at dawn for hassle-free maintenance.

Technical Specifications

Light Color
