

Spherical Solar Lawn Light

This solar lawn light uses solar energy as its power source. Its design is both novel and beautiful, and it automatically controls work according to the light.

Product Overview

Sustainable Outdoor Illumination

The XNY-TC-08 solar lawn lamp offers a sophisticated and energy-efficient lighting solution for both residential and commercial landscaping. Utilizing advanced solar energy technology, this fixture automatically regulates its operation based on ambient light levels. Its robust construction ensures exceptional corrosion resistance and a long service life, making it a reliable choice for professional outdoor environments.

Technical Specifications

Key Features

- Automatic light control
- Corrosion-resistant body
- High brightness output
- Environmentally friendly

Light Source	High-brightness LED
Available Colors	Multi-color
Power Source	Solar Energy

Performance

Core Performance

1 High

Operational Efficiency
