

Square Face Leather Strap Wristwatch

These wristwatches feature a square watch face with an analog display. The straps are made of leather and come in different colors.

Overview

Classic Square Face Design

This collection of analog wristwatches features a sophisticated square face design that offers a distinct alternative to traditional round timepieces. Crafted with durable leather straps and adjustable buckles, these watches ensure a comfortable and secure fit for daily wear. Available in a variety of color combinations including black, brown, and red, these timepieces provide a versatile accessory option suitable for both professional and casual environments.
