

Square Frame Exhaust Fan

This electrical fan is designed for use in air conditioners and ventilation equipment. It features a multi-blade impeller enclosed in a square frame, constructed from durable black plastic.

Product Overview

High-Performance Airflow Solution

This square frame exhaust fan is engineered for reliable air circulation in air conditioning and ventilation systems. Featuring a durable multi-blade impeller housed in a robust black plastic frame, it is built to withstand various environmental conditions. Its design prioritizes efficiency and consistent performance, making it an ideal choice for professional ventilation applications.

Design & Construction

Frame Shape	Square
Material	Durable Plastic
Color	Black

Technical Specifications

Primary Applications	Air Conditioning, Ventilation Systems, Exhaust
Impeller Design	Multi-blade
