

Stainless Steel Step-On Waste Bin

This waste bin is constructed from stainless steel and features a step-on pedal for hands-free operation. It includes a removable inner bucket to allow for easy emptying.

Product Overview

Professional Stainless Steel Step-On Waste Bin

This durable and stylish waste bin is constructed from high-quality stainless steel, offering a clean and modern aesthetic for professional environments. Designed for efficiency and hygiene, it features a hands-free step-on pedal mechanism and a removable inner bucket for effortless maintenance. The brushed finish is fingerprint-resistant, ensuring a pristine look in high-traffic areas such as offices, kitchens, and restrooms.
