

Stainless Steel Whistling Kettle Set with Infuser

This set features stainless steel whistling kettles in varying sizes, all equipped with heat-resistant handles and a whistling mechanism to signal boiling. A fine mesh tea infuser is included for brewing loose leaf tea directly in the kettle.

Product Overview

Premium Stainless Steel Whistling Kettle Set

This versatile set features three stainless steel whistling kettles of varying sizes, engineered for both durability and efficiency. Designed with a polished finish and heat-resistant handles, these kettles offer a classic aesthetic suitable for any kitchen environment. The integrated whistling mechanism provides a clear alert when water reaches boiling, while the included fine-mesh infuser allows for convenient brewing of loose-leaf tea directly within the vessel.
