

Stainless Steel Wire Rope

This stainless steel wire rope is suitable for applications requiring strength and corrosion resistance. It offers excellent flexibility and breaking strength.

Product Overview

Premium Stainless Steel Wire Rope

This high-grade stainless steel wire rope is engineered for exceptional durability and corrosion resistance in demanding environments. Available in a 1x7 construction, it is suitable for a wide range of industrial applications including rigging, hoisting, and cable systems. The rope adheres to international quality standards, ensuring reliable performance and high breaking strength.

Technical Specifications

Available Tensile Strengths

- 1570 MPA
- 1670 MPA
- 1770 MPA
- 1870 MPA
- 1960 MPA

Material Grade	AISI301, AISI304, AISI304L, AISI316, AISI316L
Construction	1x7

Dimensions

Diameter Range

0.36 mm

Minimum Diameter

20 mm

Maximum Diameter

Logistics and Compliance

International Standards

DIN • GB • EN • JIS

Packaging Methods

- Strong wooden reels
- Fumigated plywood reels
- Coils
