

Standing Pedestal Fan with Adjustable Height

This standing fan features a circular fan head with a protective grill. It is mounted on a height-adjustable pole and a circular base for stability.

Product Overview

High-Performance Air Circulation

This standing pedestal fan is engineered to provide reliable air circulation and ventilation for various indoor environments. Featuring a robust, height-adjustable design, it allows users to customize airflow direction and coverage to suit their specific space requirements. The unit is built with a protective safety grill and a stable circular base, ensuring both operational safety and durability during extended use.

Design & Build

Safety Standards

Protective grill • Stable construction

Base Design

Circular weighted base for enhanced stability

Adjustability

Height-adjustable pole, Tilttable fan head
