

Standing Pedestal Fan with Adjustable Height

This standing pedestal fan provides ventilation and air circulation. It features an adjustable height and a circular fan head protected by a wire cage.

Product Overview

High-Performance Air Circulation

This standing pedestal fan is engineered to provide efficient ventilation and air circulation for both residential and commercial environments. Featuring a robust tripod base and an adjustable height pole, it offers versatile placement options and stability. The fan head is protected by a durable wire cage, ensuring safety while delivering consistent airflow through its three-blade design.
