

Standing Pedestal Fan with Telescopic Pole

This standing pedestal fan features a circular base and a telescopic pole for adjustable height. The fan head includes a protective grille and multiple blades for effective air circulation.

Product Overview

High-Performance Air Circulation

This standing pedestal fan is engineered for effective air circulation and ventilation in various environments. Featuring a robust telescopic pole, it allows for adjustable height to suit specific airflow requirements. The unit is equipped with a protective safety grille and a multi-blade design, ensuring consistent performance and user safety.

Physical Specifications

Base Style	Circular weighted base
Pole Mechanism	Telescopic height adjustment
Safety Features	Protective Grille, Safety Mesh

Performance

Primary Application

Ventilation • Air Circulation

Suitable Environments

- Household
- Office
- Indoor Ventilation
