

Standing Space Heater with Safety Grill

This is a standing warmer appliance designed for space heating. It features a circular heating element protected by a black metal safety grill.

Product Overview

High-Efficiency Standing Space Heater

This standing warmer appliance is specifically engineered for efficient space heating in professional or residential environments. Featuring a high-visibility circular heating element and a robust safety grill, it combines performance with essential safety measures. The ergonomic base design integrates a user-friendly control panel, allowing for precise adjustments to suit varying climate needs.
