

Steel Frame Wheelbarrow with Pneumatic Tire

This wheelbarrow is designed for landscaping and construction tasks. It features a sturdy steel frame, a high-impact plastic tub, and a pneumatic tire for smooth maneuverability.

Product Overview

Durable Steel Frame Wheelbarrow

This high-capacity wheelbarrow is engineered for demanding landscaping and construction environments. It features a robust steel frame paired with a high-impact plastic tub to balance durability with manageable weight. Designed for smooth maneuverability, the unit utilizes a pneumatic tire that handles uneven terrain with ease, ensuring stability during transport and dumping.

Technical Specifications

Model Number	WB0401
Frame Material	Steel
Tub Material	High-impact plastic
Tire Type	Pneumatic

Features

Key Features

- Ergonomic handles for reduced user strain
- Balanced design for stability
- Easy-dump functionality
- Suitable for soil, mulch, and gravel
