

Steel Row Pneumatic Nail Gun

Pneumatic nail gun designed for fastening steel row nails. It features a robust construction for durability and consistent performance in construction and industrial applications.

Product Overview

Professional Grade Pneumatic Fastening

This pneumatic nail gun is engineered specifically for driving steel row nails in demanding construction and industrial environments. Featuring a robust build for long-term durability, the tool ensures consistent performance and reliability on the job site. It is designed to provide efficient power for high-volume fastening tasks.

Technical Details

Key Features

- Robust construction
- Pneumatic operation
- Designed for steel row nails
- High-consistency driving

Model Series	ST38
Ideal Applications	Construction, Industrial Fastening, Heavy Duty Projects
