Overview

Professional Short Throw Mounting Solution

The PRB-21M Short Throw Projector Wall Mount provides a robust and flexible support system for short throw projectors weighing up to 15kg. Engineered from high-grade steel with a durable powder-coated finish, it features a telescopic arm and a 360-degree rotating joint for precise positioning. Integrated cable management ensures a tidy, professional appearance, making it an ideal choice for classrooms, boardrooms, and home cinema setups.
