

Step-Through Electric Bicycle with Cargo Rack

This electric bicycle is designed with a step-through frame for easy access and comfortable riding. It includes a front basket and rear rack for carrying cargo, making it ideal for urban commuting and leisure.

Overview

Versatile Urban Commuter

This step-through electric bicycle is engineered for convenience and comfort in urban environments. Featuring an accessible frame design for easy mounting, it comes equipped with both front and rear cargo storage options, making it ideal for daily commuting or light utility tasks. The integrated electric motor and frame-mounted battery provide reliable power for short to medium-distance travel.
